## PUBLIC SCHOOL

**Ludhiana**

**Tribute to Mr. L.R Channa  
President, CES**

**&**

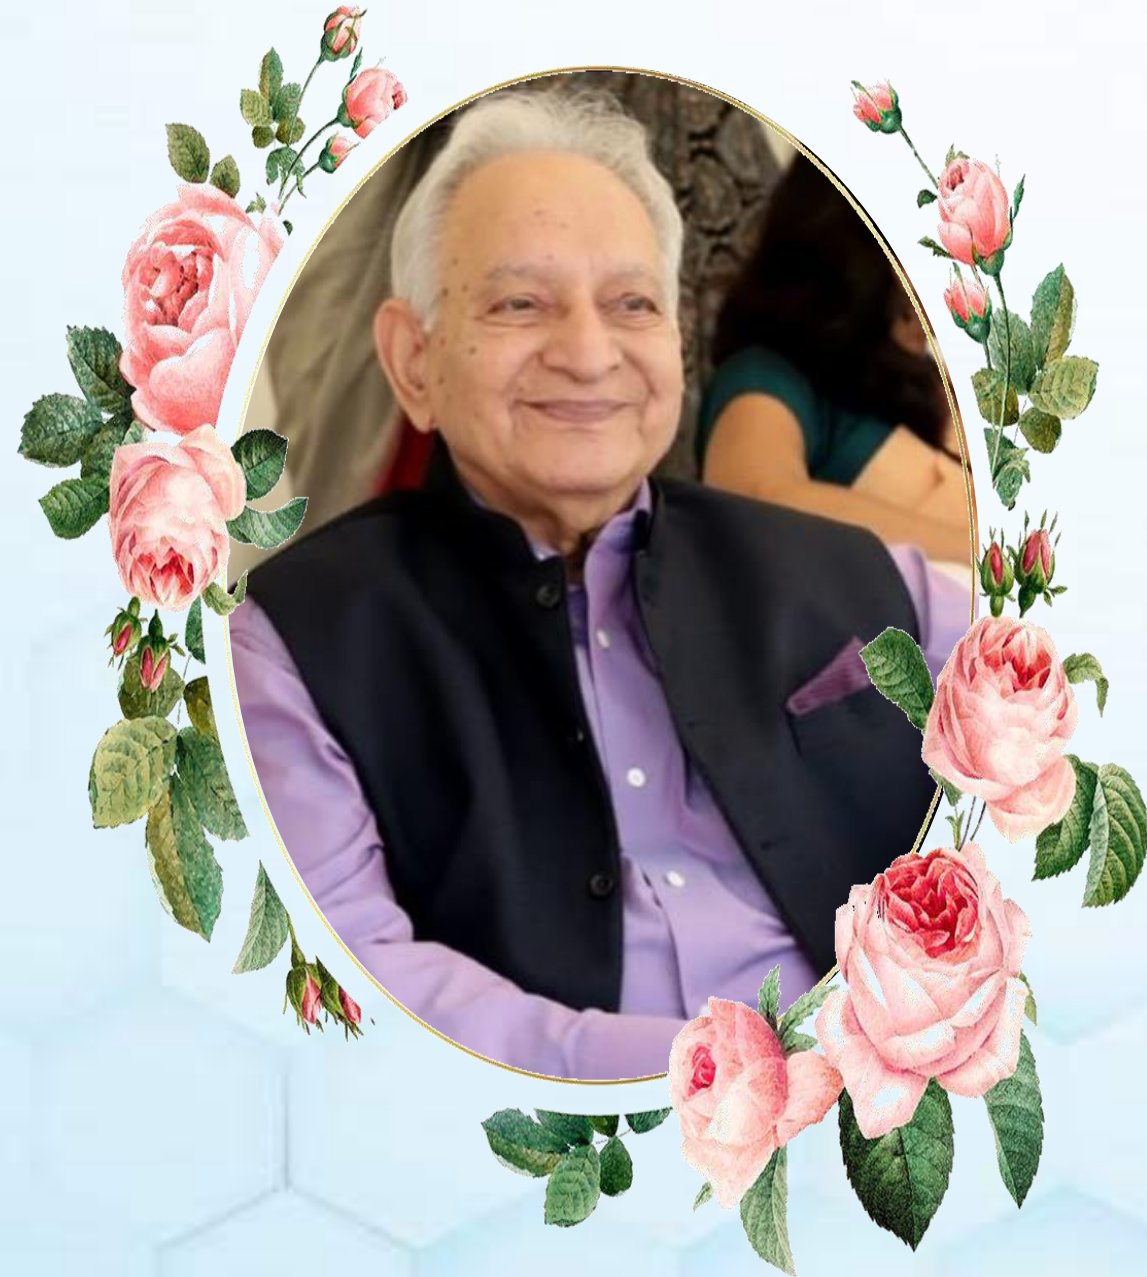

**Dr. V.K Ahuja  
Vice President, CES**

*“Your life was a blessing, Your memory a treasure....  
You are loved beyond words, And missed beyond measure.”*

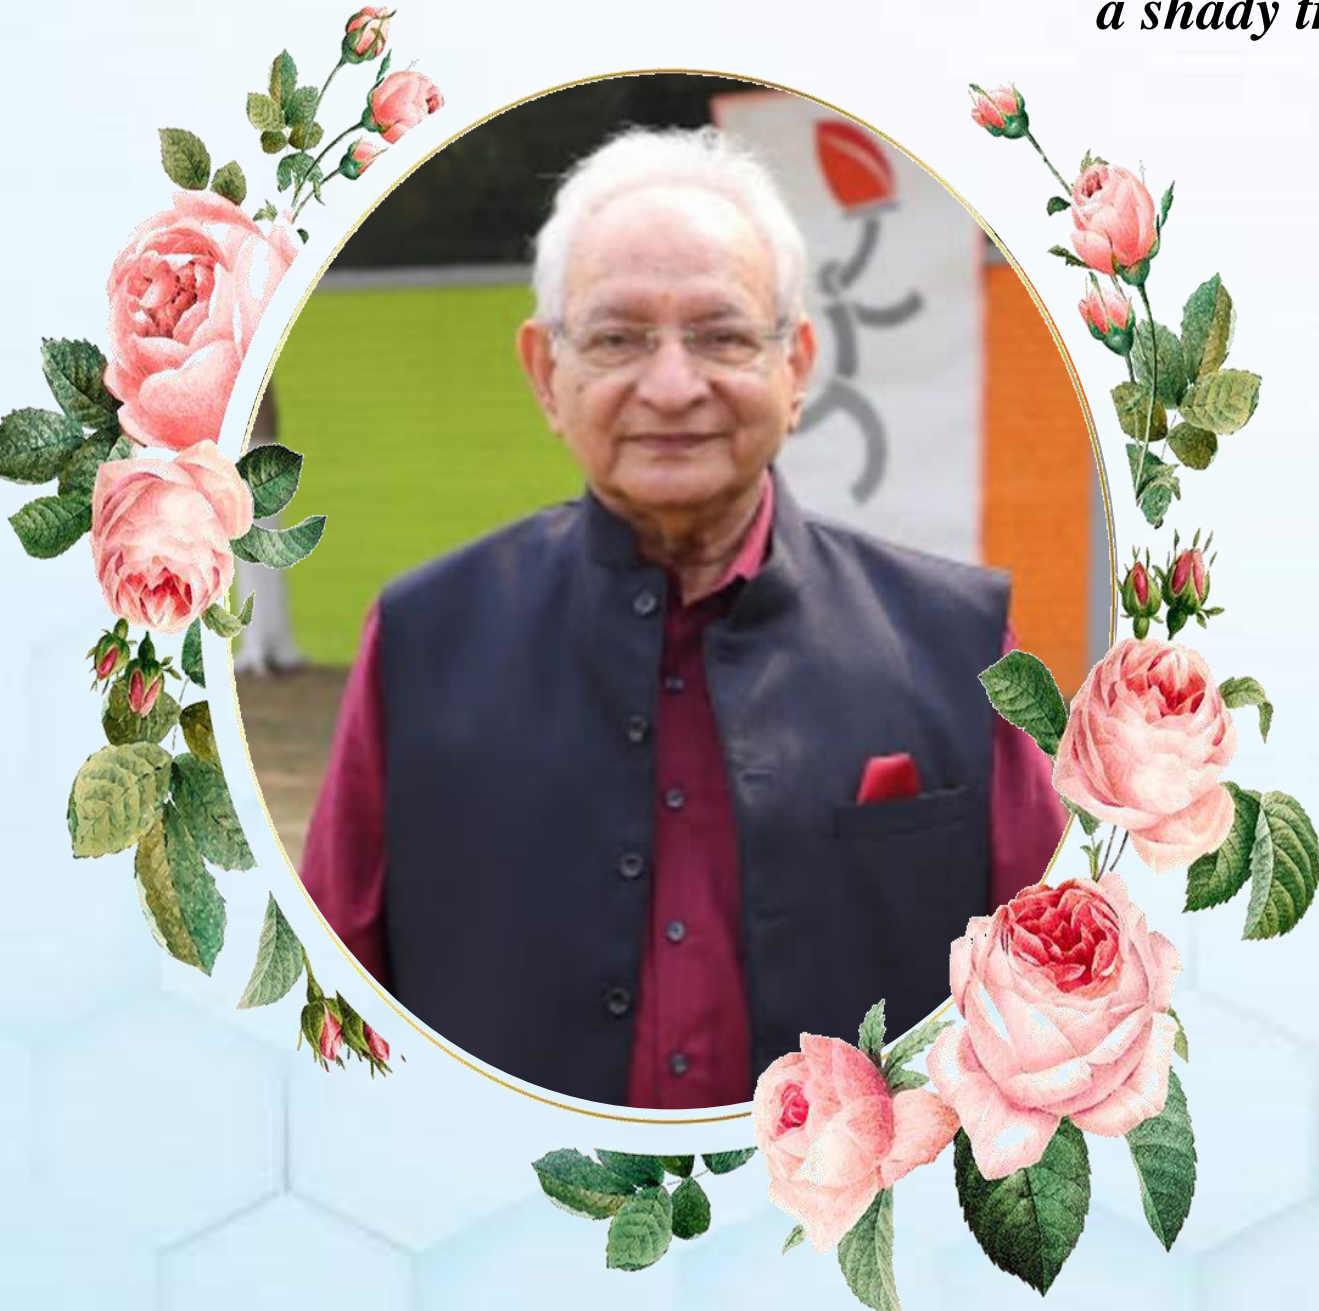

Bal Bharati Public School Ludhiana condoles the sad demise of our revered President, Child Education Society Mr L.R Channa. A great visionary, a phenomenal scholar and an illustrious educationist, Mr. L.R. Channa devoted his entire life tirelessly for the development and upliftment of CES and all Bal Bharati Public Schools. His broad perspective, expertise and passion to execute ingenious ideas enabled our organization to scale new heights year after year. His demise is a great loss to our organization but his contributions and legacy will live on.

***Mr. L.R. Channa will remain forever in our memory!***

***Sincere condolences!***

*Honourable Shri L. R. Channa President CES was more like  
a shady tree to us that gives solace on a hot summer day.*

Your infectious smile & cheerful greet  
Would make many heart skip a beat  
Your energy and your friendly appeal  
always filled us with zeal  
Your benevolence, your tenderness,  
your touch so divine

Oh! How we looked forward to  
your presence benign!!

A humanitarian, a philanthropist, a guide,  
A critic, a mentor, a visionary.....all in a stride  
A keen observer, worldly wise, yet so kind  
Encouraging, applauding, a force to bind.

It's hard to see you no more  
But your words will guide us for sure  
The true homage to you will be  
to be the torch bearer of your legacy

**The loss of Vice President Dr. V.K Ahuja aggrieved us all the more.**

*“What you leave behind is what is woven into the lives of others.  
The loss is immeasurable and so is the love left behind.”*

Bal Bharati Public School, Ludhiana deeply condoles the sad demise of Dr. V. K. Ahuja., Vice President CES and Member of Managing Committee BBPS, Ludhiana. Being closely associated with NTPC schools, Dr. Ahuja has been a source of inspiration. Nothing can diminish the role he played in everyone’s lives as a dedicated doctor, empathetic humanitarian, supportive friend and a guiding star.

He may have left us early but he has touched many lives bringing difference in one or other way. He will always be missed deeply and remain alive in our hearts and prayers.

# Academics

# *Pre-Primary Department*

- Children in pre-primary love to learn new things around them all the time.
- The virtual world is as natural to them as the real world outside.
- By interacting with other children virtually, they get closer to each other in a highly controlled manner.
- Those few hours that kids dedicate every day helps them develop core social skills holistically.
- By using tactile objects, such as balloons, stuffed toys and material readily available at home, teachers expressively explain alphabets, numbers in a highly engaging manner.
- Goody Packets were sent to all the new entrants as a token of love.

# *Primary Department*

- Under this prolonged combat of COVID-19, BBPS Ludhiana staff members have been working tirelessly to keep their students engaged in effective teaching learning process.
- The school has provided extensive support to the students with continued e- learning by organizing online classes and providing course material through virtual platforms i.e. **Google Meet and Google Classroom** from Day 1.

# *Contd...*

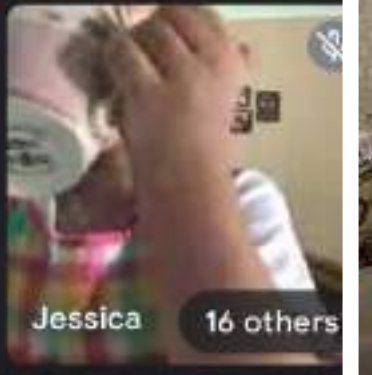

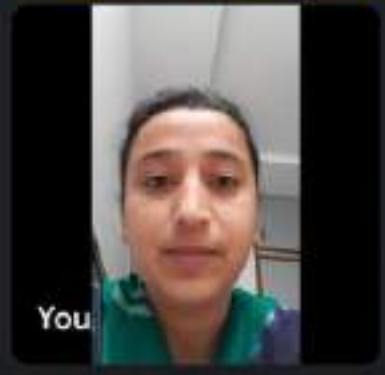

- **New academic session 2021-22 commenced on 5 April, 2021** with utmost vigour and diligence following proper schedule and time table.
- **Online Interactive Sessions** were organised to get familiar with the students.
- Various teaching aids such as **self-made PPTs, You tube links, quizzes and activities related to the subjects** are being used by the teachers to make online teaching effective as well as interesting.
- Informative and creative **practice worksheets** for all the subjects have been provided to understand the concept thoroughly .
- To keep a check on academic activities of the students, a well framed **Notebooks checking schedule** is shared with the students.

## ***Contd...***

- **Online Revision Tests** have been organised to assess the progress and understanding of the students. **Parent Teacher Meet** using Google Platform was organized for all classes. Parents appreciated sincere and dedicated effort put by the entire BBPS
- To assess academic growth of the students, **Pre Mid Term Tests** have been conducted for classes I to V from **June 1, 2021 to June 10, 2021** using **Google Form**.

# *Senior/ Middle Wing*

1. Session for all grades (except class XI) started on 5 April 2021. For grade XI the session started on 10 May 2021.
2. Entire process of migrating of students from one grade to next grade in BBPS Connect, Google Classroom and other records was done seamlessly under the guidance of IT team beforehand.
3. As planned at the time of implementation of BBPS Connect all grade VI students were given fresh student ids while admitting them to grade VI in Unit -2. The process of disabling the previous ids was done simultaneously in coordination with administrative department so as to avoid any apparent gap in fee and other records.

*Contd...*

4. This year the online time table has 4 teaching blocks per day of 1 hr. each for grades VI to XII and 50 minutes each for grades I to V. These sessions have been planned in a manner to maintain proper balance between adequate study time and acceptable screen time.
5. In order to enhance Student – Teacher and Parent - Teacher connect in impersonal mode of online teaching two days of Orientation sessions were planned in the beginning of the Academic session. These were planned in a manner to help familiarize students and new class incharges and subject teachers and to communicate changes in the pattern of conduct of EPC and Bridge courses.
6. For grade XI the streaming was done based on students preference and merit list (based on performance in class X) taken together. Two major changes have been introduced this year with introduction of Core Mathematics and Sociology as main subject option for Commerce and Humanities stream respectively. Both of these have good initial response with 16 students out of 27 in Humanities opting for Sociology.

*Contd...*

7. Assessment forms an important part of education and following the same, the school conducted Assessment -1 examinations for all grades I to XII (except grade XI) from June 1 to June 12, 2021. This was objective type assessment conducted in an online mode. The attendance for the same has been about 97%.
8. The performance record of the students is being compiled and analyzed for identification of student and class specific learning gaps. Based on this assessment we intend to conduct remedial sessions in the first week of July.
9. While the assessment -1 was being conducted, regular online sessions were in progress for grade XI so the timings of the examinations and duties were planned accordingly. It is intended to conduct assessment for class XI in second week of July.
10. As a measure of parent connect online PTM was held on 22 May 2021. The attendance for the same was average 89% across the school. The parents who could not attend the meeting were contacted by class incharges personally. All the remarks have been duly recorded for perusal by senior management.

# ROLE OF PLANTS

1. Plants play a very important role in our life.
2. They fulfill our food, fodder, fuel, timber, fiber, and medical needs.
3. Trees keep in check the air and water pollution.
4. During photosynthesis, trees and other absorb carbon dioxide and give off oxygen.
5. Without plants, human and animals would have less fresh air to breathe.
6. Trees such as Ashok and Neem are very useful in control of noise pollution.
7. Plants are also helpful in restoration of degraded lands.
8. Trees are helpful in the maintenance of ground water level.

# AZOLLA

AZOLLA Absorbs a high amount of carbon dioxide and makes an ideal fertilizer. Mono crop strains can also be grown as an inter crop and use as a top dressing manure after the rice transplanted.

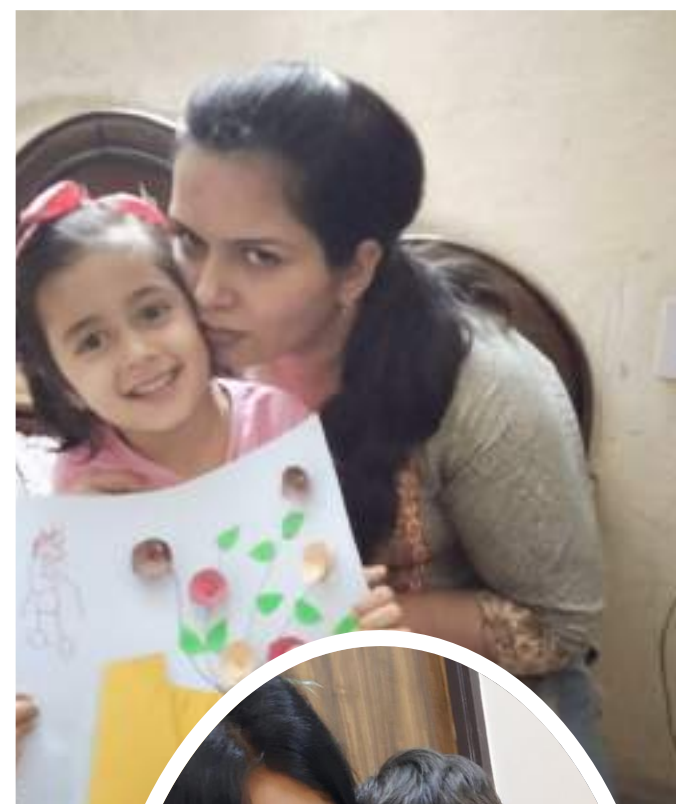

# *Mothers' Day*

- To celebrate the everlasting bond of love and affection on the eve of the Mothers' Day, several activities like card making, bouquet making etc. were organised for students of Pre-Primary.
- Class I students recorded videos with a special message to make their mothers feel loved and special.
- Class II students threw a Tea party for their mothers.

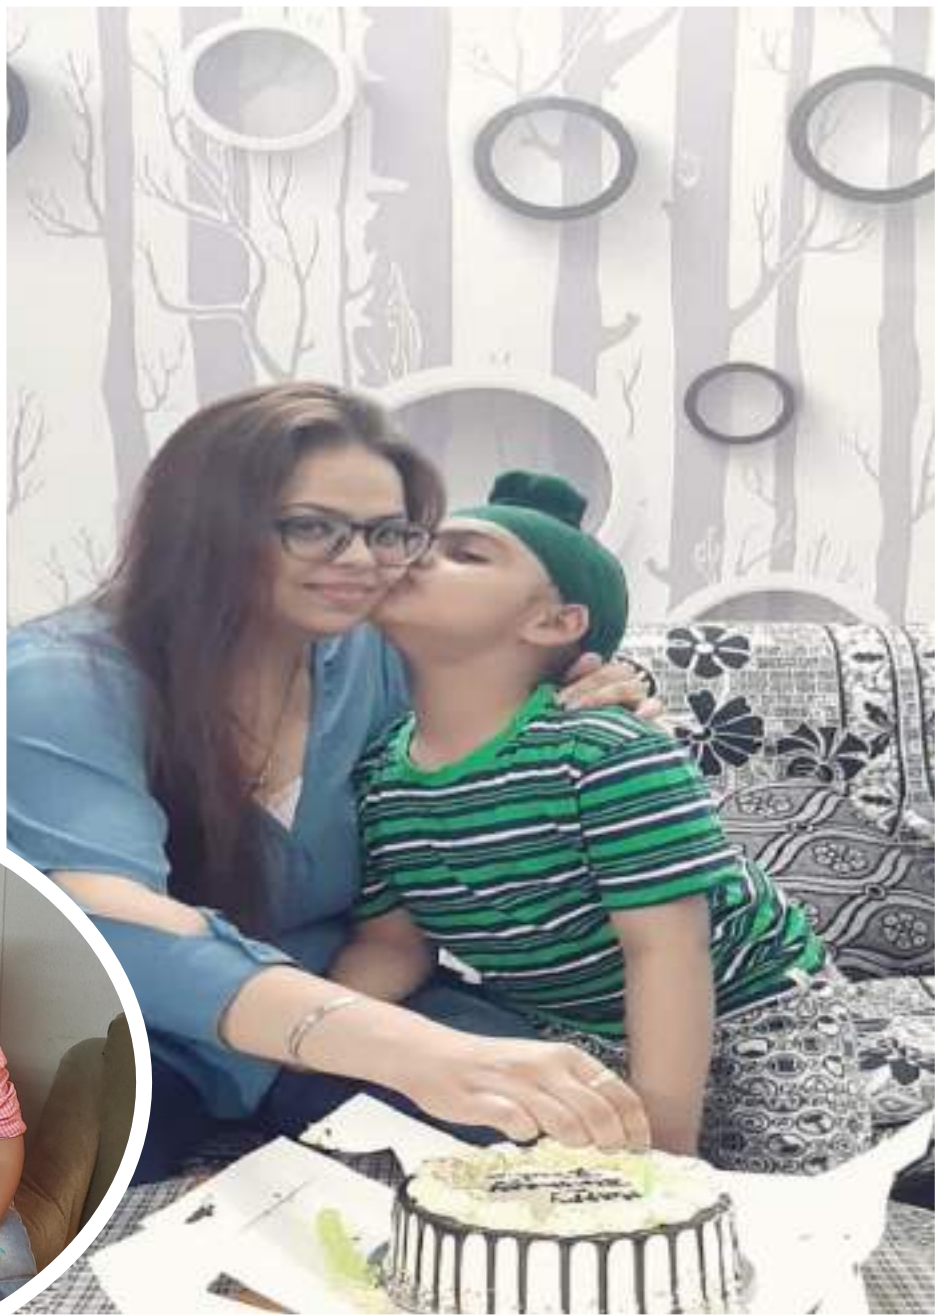

*Happy Mother's Day!*

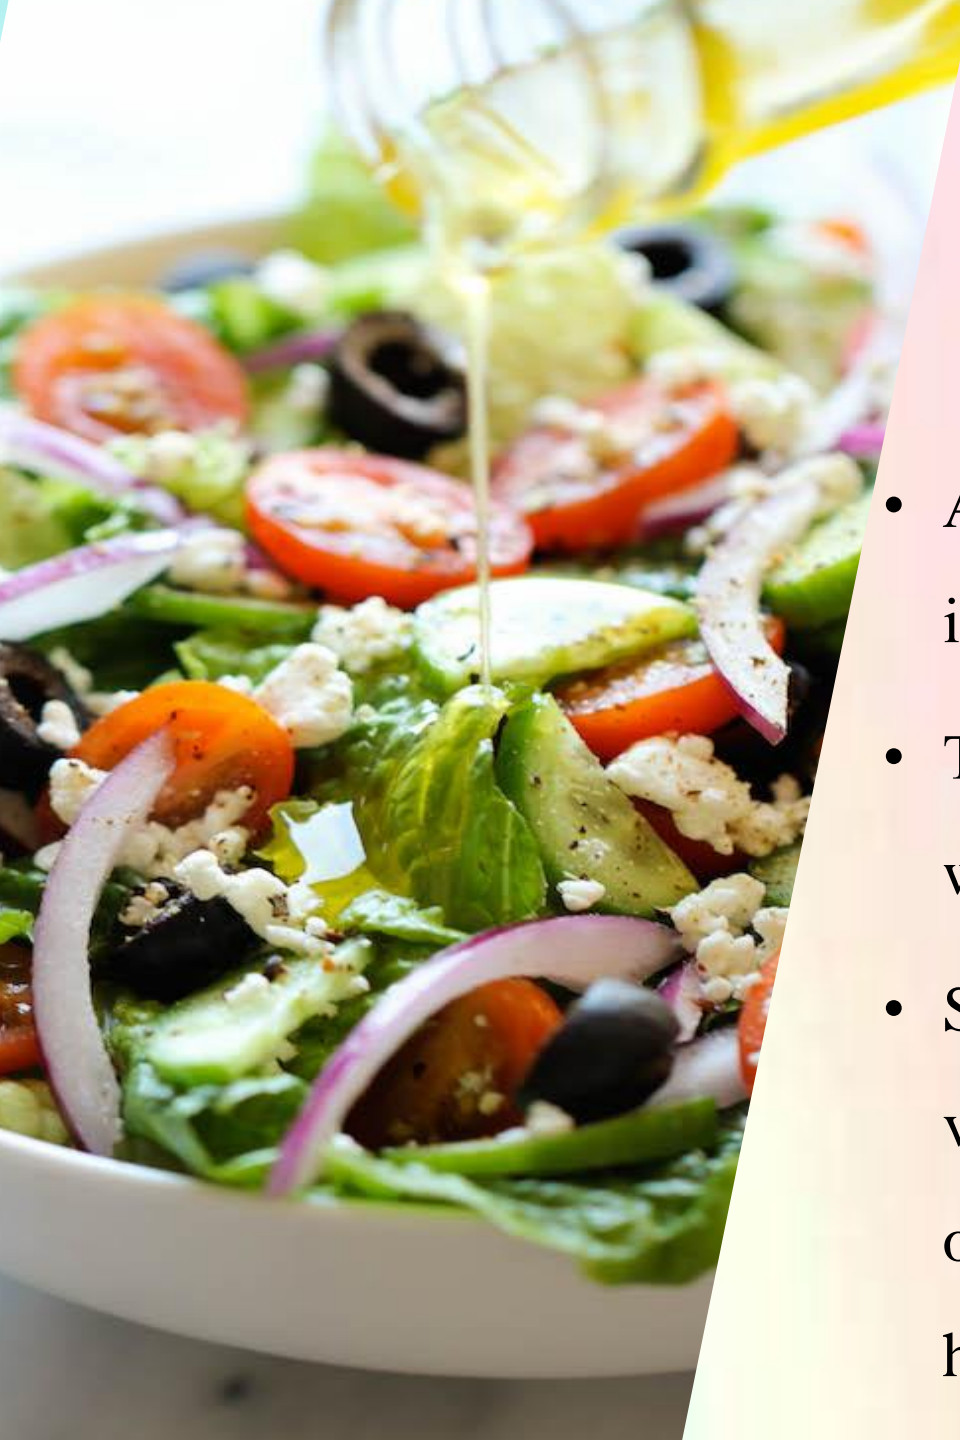

# Luscious Sprout Salad

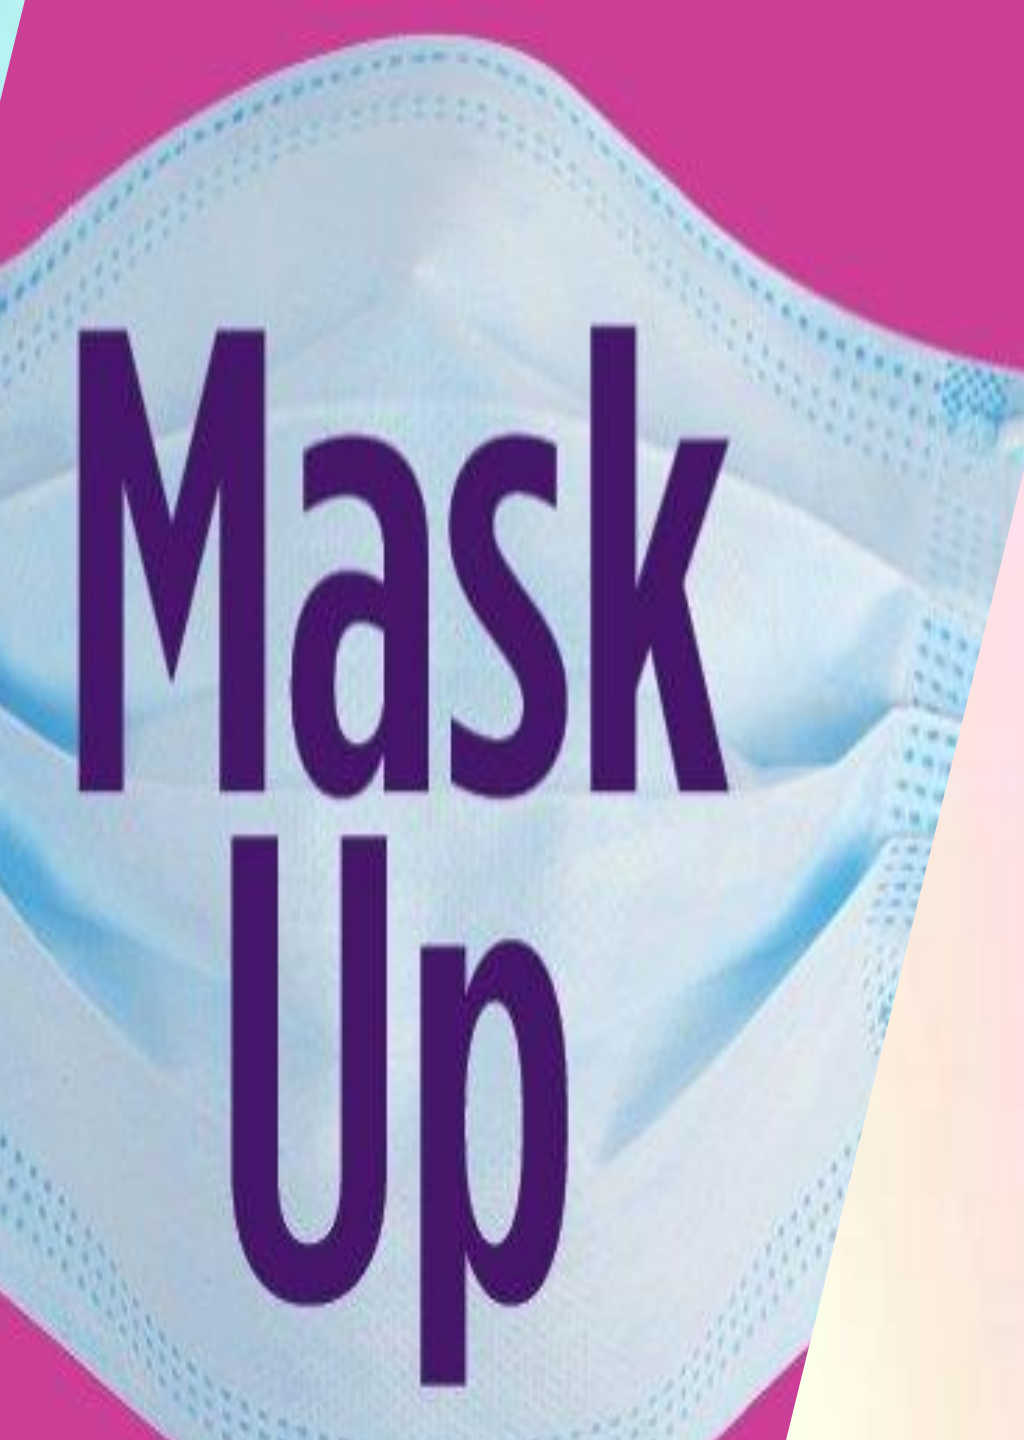

- As the saying goes , ‘To eat is a necessity , but to eat intelligently is an art’ .
- To follow the same line, an activity ‘ Luscious Sprout Salad’ was conducted for class V students.
- Students prepared sprout salad at home by adding fruits and vegetables of their choice and explained the importance of vitamins and minerals in our body that leads to good health .

# National Talent Search Examination (NTSE)

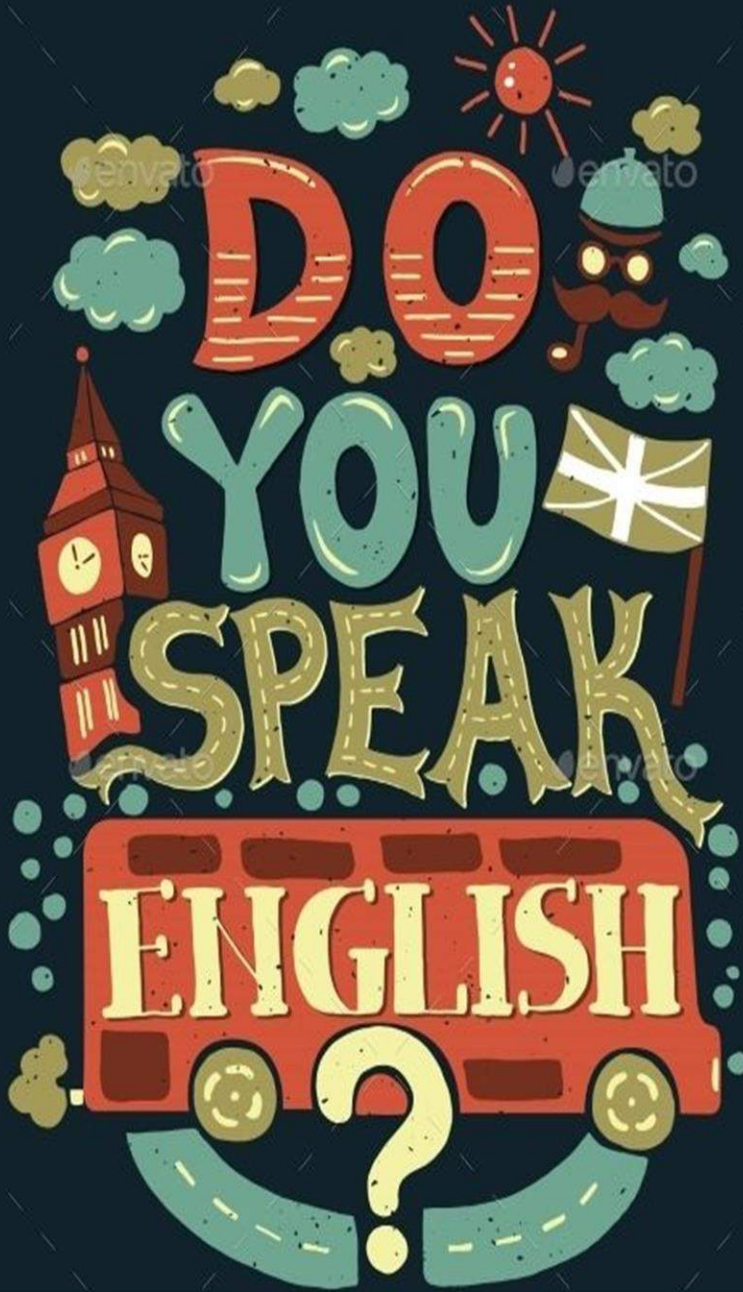

- 40 students from BBPS, Ludhiana participated in National Talent Search Examination(NTSE).
- Anvit Singh Bindra cleared level 1, out of 1230 students all over Punjab.

# English Proficiency Classes

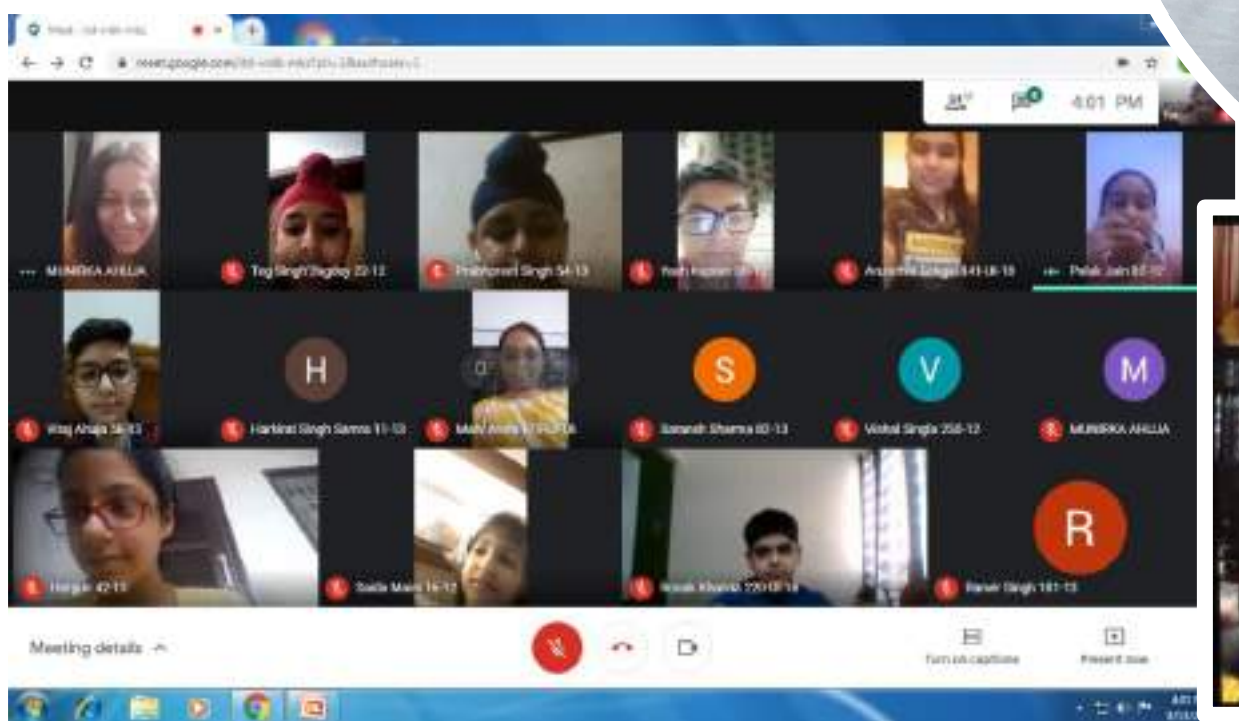

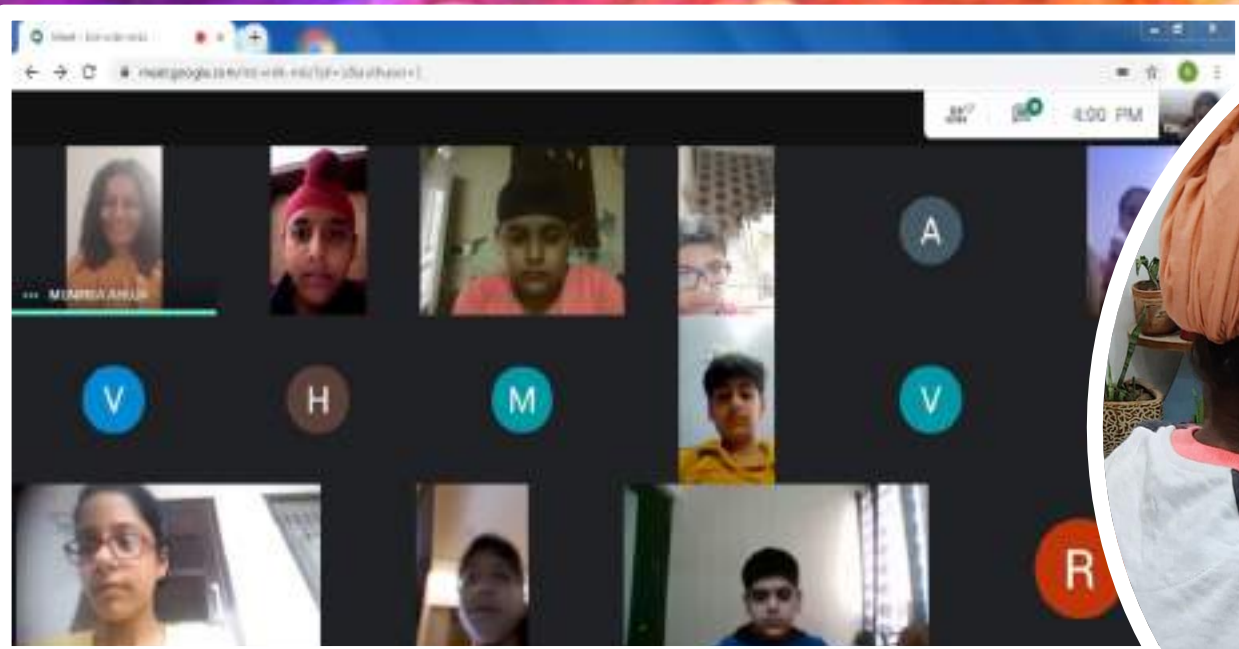

- In order to help our students improve upon their English language skills, school had started ‘English Proficiency Classes’ in academic session 2020-21.
- This programme was very well received by our students and appreciated by parents.
- During the previous academic year this programme was conducted as supplementary to regular English subject sessions and was allotted evening timings beyond the regular time table, but due to wide appreciation and acceptance, it has now been incorporated in regular time table with two hours of dedicated lectures per class per week.

- Also the scope of the programme has been increased to cover grades I to X (from grade I to VII in the previous academic session).
- Supplementary programme of ‘English Reading Classes’ for Grades I, II and III has also received reviews from parents and other stakeholders.

# Feedback of Parents for English Proficiency Classes

As we all know about this pandemic period which is still going on and we do not know about for how much time period will it continue. Even then I want to make thanks to principal of Bal Bharti school as well as teachers who are always ready to give their more and more efforts for their balbharatians. The step that was taken by school in last year regarding the EPC session and which is still continued in this year, as a compulsory period has helped a lot in increasing the reading skill of our kids. The kids in order to give their more and more in their virtual classes try to read more text books at home, that also result in improving their knowledge. I think it's really a great opportunity for our kids to improve their proficiency and reading skills. So I really very thankful for all the hardworking efforts taken by teachers as well as by school.

Thank you

FEED BACK

Respected Sir/Maam

I wish to express my gratitude for the previous session that went very smooth and was upto the mark despite of the pandemic situation.

Online teaching during these difficult times of covid-19 is indeed a huge challenge for all. I would like to update you regarding reading classes that BBPS has started in this session. I am very glad with this class as it will bridge the gap that has come in student's reading due to virtual studies. Though the class is running smoothly and the content is also appropriate but still I would like you to make some advancements for better results.

Following additions could be done

- \* More emphasis on reading with phonetics.
- \* Spelling quiz
- \* story recitation

In my perspective addition of these will make the class more fun and interactive. Moreover, it will enhance student's confidence in reading which is need of the hour. My good wishes to all the teachers.

# Mathematics Bridge Course

- The school has started a ‘Mathematics Bridge Course’ this academic session for grades VI and VII to reinforce (and cover learning Gaps) basic mathematical skills which not only help our students academically but also helps them overcome the phobia of numbers and calculations.
- At present this covers students of Grade VI and VII so as to help them tide over the gradation in the subject as they move from primary to middle level.

- This programme has received rousing acceptance from all stakeholders and based on the same, it is proposed to expand its scope from grade III to grade VII by August 2021.
- Online sessions for mathematics Bridge course are held after the regular school timetable for 2 hours per class per week with separate sessions for evaluation of progress made by students.
- Just like EPC, the entire content for Mathematics Bridge course has been developed in house.

# Feedback of Parents for Mathematics Bridge Classes

Students are able to study new methods with the help of BRIDGE COURSE and are free to ask any small doubt as well without any hesitation. They are able to build up their confidence in mathematics. They find this class very interesting and can understand each and everything properly. Thanks to all the teachers for these efforts .

Gud morning mam

Before giving my feedback about the bridge course classes, I would like to thank you and the whole BBPS family for arranging these classes for our kids. These classes are very effective... It helps them to revise all the concepts which they are doing in their regular syllabus and also memorize all those which they have done earlier.. Mam explains everything so well that they never want to skip d class.. Full participation of students is there. These classes helps them to keep their concepts more clear. It totally reflects the hardwork ,time and energy of all the teachers in preparing these intractive and informative lessons.

Thx a lot mam

# G.K. Sessions

- At primary level, the school has introduced self-developed, age appropriate and aesthetically designed content to help our learners develop a scientific temperament.
- This content is being used to help students understand and provide answers to what?, why?, where?, how? and when? type of questions that crop up in their young curious minds.
- The same is explained and elaborated in regular G.K sessions besides the content in dedicated G.K book.
- Also, to help develop reading skills, these modules are used for reading classes as well thereby reinforcing the knowledge part.

Sample content for G.K Sessions

# Satellite

A satellite is a small object that orbits, or revolves around, a larger object in space.

Satellites can be natural or artificial (made by people). All the planets in the solar system except Mercury and Venus have natural satellites.

1. Kalpana Chawla was the first woman of Indian origin to go to space.  
 2. Moon: Earth's only natural satellite.  
 3. Aryabhata was the first Indian man-made satellite.

Topic - Satellite

### Different Applications of Satellites

Communication satellites help send telephone calls, radio and television programs, and computer information all over the world. Airplanes, ships and cars use information from satellites to find the way from place to place and these are used for weather forecasting also.

# GERMS

- Germs are tiny living organisms, too small to see with a naked eye.
- We use a microscope to see them.
- There are billions of them on and in you all the time.
- Most of the germs will not hurt you, but some can make you ill. When this happens, your blood gets to work and kills them.

There are four types of germs: bacteria, viruses, protozoa and fungi.

One germ can multiply into more than 8 million germs in one day.

Nearly 80 percent of illness-causing germs are spread by your hands.

There are more germs on your phone, keyboard and cutting board than on a toilet seat.

When you flush the toilet, germs can spray up to 6 feet.

## DID YOU KNOW?

Topic - Germs

## WORD VOCABULARY

- Naked Eye** - The eye unaided by any instrument that changes the size or distance of an object.
- Microscope** - A microscope is a scientific instrument. It makes small objects look larger.
- Illness** - an unhealthy condition of body or mind.
- Flush** - a sudden flow (as of water).

### THE GERM BUSTERS!

- Thoroughly wash your \_\_\_\_\_ with soap.
- Cover your \_\_\_\_\_ and \_\_\_\_\_ when coughing or sneezing with tissue or flexed elbow.
- Avoid close \_\_\_\_\_ with anyone with cold or flu-like symptoms.
- Always maintain social \_\_\_\_\_.
- If required, call your \_\_\_\_\_ and seek care immediately.

## What is Lightning?

Did you know? A lightning strike is almost 5 times hotter than the surface of the sun.

Lightning happens when the negative charges (electrons) in the bottom of the cloud are attracted to the positive charges (protons) in the ground.

Lightning is a very quick electrical discharge that occurs between a cloud and the ground, between two clouds, or within a cloud.

It can be seen as bright flash and is followed by the sound of thunder.

We see the lightning before we hear the thunder. As light travels much faster than sound waves. Light travels about 3,00,000 Km per second.

### Word Vocabulary

- Discharge - to release
- Flash - a sudden bright light that comes and goes quickly
- Strike - to hit
- Thunder - a sudden loud noise

# QUIZ

1. During lightning the bottom of clouds have \_\_\_\_\_ charges.
