

Name _____

Final Term Test (March 2024)

Date: 05-03-2024

Roll No. _____

Class III

Subject: EVS

Time allotted: 3 hrs

M.M : 50

Section A

I. Tick the correct answer:

(5)

1. It is the latest and fastest means of written communication.

- a) Radio b) Telephone c) Television d) Email

2. The amount of liquid a container can hold is called its _____.

- a) water vapour b) water c) volume d) all the above

3. This fuel is used to run electric stove.

- a) Sunlight b) Kerosene oil c) Electricity d) LPG

4. It carries soldiers and scientists under water.

- a) Metro trains b) Submarines c) Ambulance d) Postal van

5. Animals like fox and crow eat both plants and animals are called _____.

- a) carnivores b) herbivores c) omnivores d) scavengers

II. Give one word answer.

(3)

6. These are used to send letters abroad. _____

7. A vehicle that runs on tracks within some cities. _____

8. This animal has eight legs. _____

III. Fill in the blanks:

(3)

9. _____ are the gestures, body movements and postures used by dancers.

10. Water reaches our taps from rivers and lakes through _____.

11. Small children need less _____ food with more _____ in it.

IV. Give two examples of each.

(3)

12. Sources of water _____

13. Animals with webbed feet _____

14. Means of mass communication _____

V. Unscramble the words:

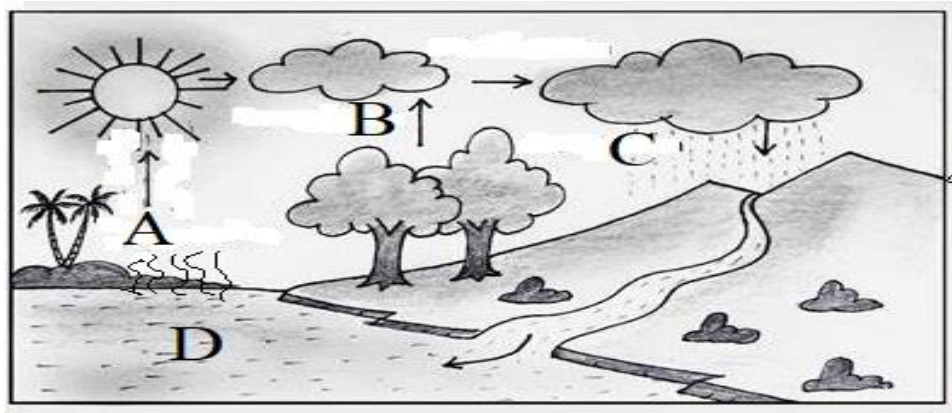

(2)

15. ATERCPIARLL _____

16. MULBNAEAC _____

VI. Label the diagram of water cycle.

(3)

**Section B****17. Give reasons.**

(2X1.5=3)

a) Mobile phones are different from landline phones _____

b) Store water in a clean and covered container _____

VII. Answer the following questions.

(2X4=8)

18. What is rainwater harvesting?
19. What is internet used for?
20. What is underground water? How is it drawn out?
21. What is bio gas? Write its one use.

Section C**VIII. Answer the following questions.**

(3X4=12)

22. What is the difference between personal communication and mass communication?
23. Why do we need to travel?
24. Give difference between deep frying and shallow frying.
25. Write three ways to make water safe for drinking.

Section D**IX. Answer the following questions.**

(4x2=8)

26. What is the difference between land transport and water transport? Draw well labelled diagrams.
27. Explain any four different methods of cooking.

Name _____

Roll No. _____

Final Term Test (March 2024)

Class III

ANSWER KEY

Section A

Date: 05-03-2024

Subject: EVS

M.M : 50

I. Tick the correct answer:

(5)

1. It is the latest and fastest means of written communication.

- a) Radio b) Telephone c) Television **d) Email**

2. The amount of liquid a container can hold is called its _____.

- a) water vapour b) water **c) volume** d) all the above

3. This fuel is used to run electric stove.

- a) Sunlight b) Kerosene oil **c) Electricity** d) LPG

4. It carries soldiers and scientists under water.

- a) Metro trains **b) Submarines** c) Ambulance d) Postal van

5. Animals like fox and crow eat both plants and animals are called _____.

- a) carnivores b) herbivores **c) omnivores** d) scavengers

II. Give one word answer.

(3)

6. These are used to send letters abroad.

Aerogrammes

7. A vehicle that runs on tracks within some cities.

Metro trains

8. This animal has eight legs.

Octopus

III. Fill in the blanks:

(3)

9. **Mudras** are the gestures, body movements and postures used by dancers.

10. Water reaches our taps from rivers and lakes through **pipelines**.

11. Small children need less **spicy** food with more **proteins** in it.

IV. Give two examples of each.

(3)

12. Sources of water **rivers , oceans**

13. Animals with webbed feet **frog , duck**

14. Means of mass communication **radio , television**

V. Unscramble the words:

(2)

15. ATERCPIARLL **CATERPILLAR**

16. MULBNAAEC **AMBULANCE**

VI. Label the diagram of water cycle.

(3)

A **Evaporation**

B **Condensation**

C **Precipitation**

D **Water from rivers, lakes, ponds, etc**

Section B

17. Give reasons.

(2X1.5=3)

- a) Mobile phones are different from landline phones **because mobile phones can be carried everywhere easily.**
- b) Store water in a clean and covered container **so that it does not become dirty and unsafe for drinking.**

VII. Answer the following questions.

(2X4=8)
